# Your speakers

## MAIN SPEAKERS

### **Kieran Colgan, Lead Housing Inspector for the South West, Audit Commission**

Kieran joined the Audit Commission in 2001 as a Best Value Inspector from Bristol City Council. His last job prior to joining the Commission involved the management of a cross-tenure housing service including repairs and improvement to the Council's housing stock, private sector housing and public health services. Kieran has a degree in environmental health and holds postgraduate qualifications in both housing and management.

### **Justin Giles, Chief Executive's Office, Valuation Office Agency**

Justin currently heads up the technical advice side of Council Tax in the VOA, being a Chartered surveyor with broad property experience, and is responsible for maintaining the on-line Council Tax Manual Practice notes. He is active in Christian charitable work in Kenya and Malawi and a keen DIY home improver.

### **David Ireland, Chief Executive Officer, Empty Homes Agency**

David needs little introduction to empty homes practitioners. As Chief Executive of the Empty Homes Agency he is constantly promoting the importance of our work. Author of *How to Rescue a House* (Penguin, 2005) he worked as Local Authority Executive for the Empty Homes Agency before assuming his current role, having previously accumulated many years of experience as an empty homes officer in London.

### **Andrew Lavender, Consultant (Capital Projects Consultancy Ltd.), retained by Kent County Council**

Andrew is an Environmental Health Practitioner with a wealth of experience in private sector housing, providing specialist consultancy advice and interim management to Local Authorities and their partners. Andrew has worked as a private sector Consultant since 2002 and is currently a Senior Associate for Capital Projects Consultancy (CPC Ltd). Since late 2005 one of his roles has been to act as the delivery partner for the Kent Empty Property Partnership (*No Use Empty*). More recently, Andrew has been charged with expanding the operation to all the Kent authorities.

### **Darryl Lawrence, Director, Rochdale Housing Initiative**

Darryl has been the Director of RHI for 8 years. Before that he worked as an Empty Homes Officer at Eastbourne BC as well as developing and managing all of Brighton and Hoves' Temporary Accommodation. RHI has recently been commissioned by Rochdale MBC to develop an empty property agency: he facilitated the re-occupation of 48 long-term empty flats and levered in an additional £2 million in funding for the area using Temporary Social Housing Grant.

### **Justine Manion, New Business Manager, Riverside Housing Group**

Justine is a housing professional who has worked within the public housing sector over the past 20 years. She has significant experience in project management, partnership working and in strategic delivery of urban renewal, pathfinder and housing regeneration schemes. Justine will share her experience of Temporary Social Housing to alleviate the problem of empty homes. Justine is also Chairperson of Tung Sing Housing Association.

### **Chris Skinner, Head of Central Services, Great Yarmouth Borough Council**

Chris qualified as solicitor in 1984, has over 30 years local authority experience and is Head of Central Services at Great Yarmouth Borough Council. Besides managing the Department, Chris carries a wide legal case load. Previously he has worked at Waveney District Council, Reigate and Banstead Borough Council and Norwich City Council. Chris specialises in compulsory purchase work and has pioneered the development of a service that other local authorities can call on.

### **Andrew Vickers, Empty Property Officer, Nottingham City Council**

Andrew is a retired police officer, having served with Nottinghamshire Constabulary before reaching his 'sell by date'. He has been Nottingham's empty homes officer since 2004. Andrew quickly gained a reputation for his enthusiastic, no nonsense approach to his work. He is a member of the East Midlands Empty Property Forum steering group and a regular presenter at their meetings. Drawing on his police experience, he is adept at tracing elusive home owners, advising, persuading, offering advice—but admits he relishes the challenge of recalcitrant owners.

## OUR PANELLISTS INCLUDE:

### **Claire Hope, Empty Homes Partnership Officer, Empty Homes Partnership (Devon)**

Employed by Exeter City Council as part of the Devon Empty Homes Partnership, Claire works as empty homes officer across Mid Devon and East Devon District Councils.

### **Mark Siddall, Sub-regional Empty Homes Officer, Greater Norwich Housing Partnership**

Mark Siddall currently co-ordinates a sub-regional project tackling empty homes for Norwich City Council, Broadland District Council and South Norfolk District Council. The sub-region has made 7 successful applications for EDMOs and Mark considers the tangible threat of enforcement has a major influence on the outcome of much larger numbers of properties. Mark entered into Private Sector Housing at Waveney District Council in 2006 and has been in his current role for a little over 3 years.

### **Nick Long, Empty Homes Manager (London Borough of Lewisham)**

Nick has worked on empty homes in Lewisham for 14 years. He gained 5 interim EDMOs in 2007 and has more in the pipeline. Nick worked for CDS Co-operative Housing in the '80s and has been a Green Party Parliamentary Candidate.
